Life Care Planning Services

Life care plans and preliminary findings reports by Dr. Tontz and Dr. Kusnezov are prepared and issued through Precision Life Care Planning (PLCP), his life care planning practice. Coastal Medical Group patients and referring counsel may request these services through CMG.

Certified Life Care Specialists

Dr. William L. Tontz, Jr., MD, CLCP, is a board-certified orthopedic spine surgeon and a Certified Life Care Planner through the International Commission on Health Care Certification (ICHCC). His life care planning work addresses the current and future medical needs of individuals with orthopedic and spinal injuries. Each plan follows published life care planning standards and methodology.

Life Care Plans: Patient evaluation, medical record review, and a projection of future medical care and associated costs.

Dr. Nicholas Kusnezov, MD, CLCP is a premier, nationally-recognized, board-certified, and fellowship-trained orthopaedic surgeon currently practicing in Southern California. He specializes in total joint replacement with extensive experience in managing complex sports and traumatic injuries. He is also Certified Life Care Planner through the International Commission on Health Care Certification (ICHCC).

Life Care Plans: Patient evaluation, medical record review, and a projection of future medical care and associated costs.
